Section 1 — The equipment

The customer confirms receiving the equipment listed below in good working order, and agrees to return it in the same condition.

10 in. mitre saw, with blade and fence

6 gallon portable compressor

Rolling scaffold, two sections

3,500 W petrol generator

Anything missing on return is billed at the replacement rate.

Section 2 — Delivery and pickup

Delivery and pickup are included within 15 miles of the counter.
Beyond that, a mileage charge applies.

The customer provides a clear 6 ft approach and somebody on site
at the agreed hour.

Unattended pickup is refused: the equipment stays the
customer's responsibility until it is collected.

Section 3 — The insurance

Damage insurance covers accidental breakage up to \$5,000 per agreement, with a \$250 deductible.

It does not cover theft without evidence of forced entry, use beyond the load limits on the machine's own plate, or any loss caused by freezing.

A customer who declines the insurance stays liable for the full replacement value.

Section 4 — The payment

The rate runs from the hour of delivery to the hour of pickup, weekends included.

A \$500 deposit is held on the card when the equipment leaves, and released within five business days of its return.

Rate schedule

Item	Day	Weekend	Week
10 in. mitre saw	\$32	\$58	\$128
6 gallon compressor	\$28	\$49	\$110
Scaffold, 2 sections	\$45	\$80	\$175
3,500 W generator	\$60	\$108	\$240
